

A large yellow CAT industrial generator is shown in a facility. The generator is the central focus, with its complex engine and cooling systems visible. The CAT logo is prominently displayed on the side of the generator's enclosure. The background shows industrial infrastructure, including pipes, electrical panels, and structural beams.

Forget the Bid Process

Piggyback on NJPA or NIPA to Purchase & Rent from Thompson Cat

www.thompsonpowersystems.com

Thompson
Power Systems

National Joint Powers Alliance Association (NJPA) and National Intergovernmental Purchasing Alliance Company (NIPA) were established with the specific purpose of reducing costs by leveraging group volume.

These agreements are publicly solicited and awarded through an RFP process. Each agreement allows intergovernmental “piggybacking” contract usage.

Eligible public agencies included:

- » State Government
- » County Government
- » City/Local Government
- » Educational Institutions and Systems
- » Healthcare
- » Non-profits
- » Agencies for Public Health

Benefits:

- » Joining NJPA and/or NIPA is free of charge
- » Save time purchasing & renting equipment
- » Eliminate low-bid pitfalls
- » Purchase/Rent high quality equipment at a great value
- » Work with local Thompson Cat personnel

PURCHASE NEW EQUIPMENT: Generators, Switchgear, ATSS, UPSs

RENT EQUIPMENT: Generators, Chillers, Air Conditioners, Dehumidifiers, Transformers, Electrical Distribution

NJPA Contract #080613-CAT
